## DESCRIPTION

This Agent procedure performs unattended GlobalProtect VPN install.

## INSTALL INSTRUCTIONS

1. Create a new folder named **GlobalProtectVPN** under the *Shared Files* directory, if it does not already exist: https://helpdesk.kaseya.com/hc/en-gb/articles/360017878358.

2. Rename the msi file to "**GlobalProtect64.msi**".

3. Upload the msi-file to the **GlobalProtectVPN** folder: https://helpdesk.kaseya.com/hc/en-gb/articles/360017878358.

4. Import the Agent Procedure XML into the agent procedure module: https://helpdesk.kaseya.com/hc/en-gb/articles/229012068.

5. Execute the procedure on the target machine.

6. (Optional) Check the procedure log for review.
